

Storm Windows

There are many styles of beautiful and durable Impressions storm windows to protect your home and make it more comfortable. Choose the type you want for ease of operation, ventilation, and beauty.

All Impressions Deluxe windows feature these construction details.

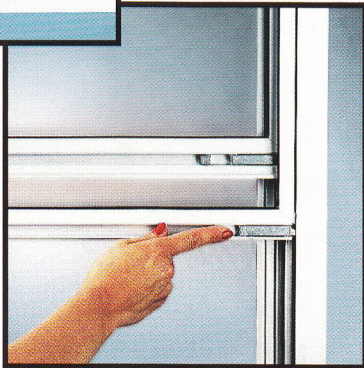

2 or 3 track design with self storing screen and interlocking sashes for strength and performance.

Baked-on enamel finish resists scratches and weather. It also cleans up fast. Reinforced corners and frames for durability and strength. Fully weather stripped with wool pile.

Built-in mullion standard on Double hung, Oriel and Slider.

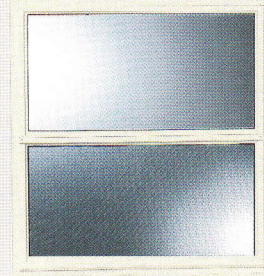

All windows (except reverse picture windows) are furnished with screen inserts.

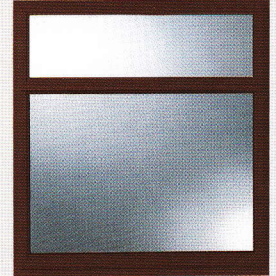

Built in cast aluminum fingerpulls provide easy operation of the fully adjustable sash for maximum ventilation control.

Note: Our Standard storm windows offer three ventilating positions.

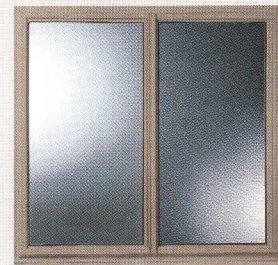

No matter what your home's decor, there is an aluminum storm window for you.
